

School of Dental Medicine

From the Office of the Dean

Dear Colleagues,

As you all realize the coronavirus concerns world-wide are developing/changing on a day by day basis.

The University and Dental School are monitoring the situation and we will continue to provide updates based on National and Local guidelines.

For [travel guidelines/restrictions](#) please continue to refer to the "Guidance for Travelers" e-mail that was sent out on Wednesday February 26, 2020 (see attached).

For [clinical practice](#) please follow the guidelines sent out by Dean Hanlon on February 28, 2020 (see attached).

The leadership team at Tufts University and TUSDM will continue to make decisions based on these guidelines and on the situation as it develops.

We are planning contingency plans for our academic, research, preclinical and clinical programs to anticipate our needs.

As you receive University-wide communications we will tailor them/apply them to our programs.

I thank you for your preparedness and attention to this situation.

Sincerely,

Nadeem Karimbux, DMD, MMSc
Dean
Professor Periodontology
